University of Illinois at Urbana-Champaign

Giving Voice to the Past

Conserving and Protecting Our Cultural Heritage

Objects of cultural heritage have increasingly become the subject of media attention, legal disputes, and international debates not merely because of their considerable monetary value, but because of their significance for cultural

heritage, identity and our understanding of the past. This lecture will look at several recent controversies focusing on the relationship between the international art market and leading private collectors and museums in the United States.

Sponsored by:
Art History Program

In conjunction with:
Afro-American Studies and Research Program
