Biology, University of California  
at Berkeley*

**September 10, 2003  
Wednesday 7:30 pm**

Knight Auditorium  
Spurlock Museum  
600 South Gregory, Urbana  
University of Illinois at Urbana-Champaign

# Revealing Human Evolution

Tim White, one of the world's most pre-eminent human paleontologists, discusses his research team's most recent discoveries in the Afar Region of Ethiopia and what these tell us about the origins of our species.

*Sponsored by:*  
Department of Anthropology

*In conjunction with:*  
Department of Animal Sciences  
Department of Geology  
Department of Psychology  
Department of Veterinary Pathobiology  
Illinois Program for Research in the Humanities  
Program in Ecology and Evolutionary Biology  
Program on Ancient Technologies and  
Archaeological Materials  
School of Integrative Biology  
Spurlock Museum
