# After Identity Politics

## Race, Disability, and the New Genomics

If we are not successful in crafting a new progressive way of seeing identity, science, left to its own devices, will invent a new identity for us through the authority of the new research being done in the name of the human genome.

Sign language interpretation will be provided at the lecture.

**Lennard J. Davis**

*Professor of English, Disability and Human Development, and Medical Education, and Director, Center for Biocultures, University of Illinois at Chicago*

**October 13, 2003
